

Central Michigan University – Adjunct Teaching Position

The Central Michigan University Department of Biology is looking for an individual to teach undergraduate botany (and possibly introductory biology) courses at the CMU main campus in Mt Pleasant in the Fall 2012 and Spring 2013 semesters. This is a perfect opportunity for postdocs or freshly-minted PhD's who are looking for some teaching experience. Interested individuals can respond by email or at the phone number below.

Stephen Roberts, Ph.D.
Professor and Chair
Department of Biology
Central Michigan University
Mt. Pleasant, MI 48859
(989) 774-7208
