

Channel Bio LLC ([www.channelbio.com](http://www.channelbio.com)) is a new national high tech seed company (the 3<sup>rd</sup> largest in corn seed and the 4<sup>th</sup> largest in soybean seed nationwide) using superior Monsanto breeding and traits. We are looking for Certified Seed Technology Advisers (CSTAs) to develop our distribution in the Michigan counties of Midland, Saginaw, Bay, Gratiot, Shiawassee, Genesee, Eaton, Clinton, Ingham and Livingston counties, as well as others. This independent position has excellent compensation and rewards. Infrastructure and transition allowances may be available. CSTAs will be exclusive to Channel, committing at least 70% of their time, and dedicated to year around service to growers.

We would like you to consider a career with Channel. Please contact Todd at 517 304 4048 or [todd.eldred@channelbio.com](mailto:todd.eldred@channelbio.com) to set up a meeting to discuss the position further and answer any questions.
