

Calvin College Internship Position Summer 2012

Calvin College is now accepting applications for one intern position in the Sports Turf and Athletics department for the 2012 season. This internship will run from mid- March until the end of August.

Sports Turf Internship

- Develop and implement a complete maintenance program for soccer, baseball, cross country, softball, and lacrosse facilities including aeration, fertility, weed control, top dressing, mowing and pesticide applications.
- plan and carry out field renovation on existing intramural fields
- be involved in experimental poa annua and bentgrass control programs on existing soccer fields
- operate one of the most sophisticated central control irrigation systems in the Midwest
- Exposure to sand based fields, sand cap fields and natural soil fields with bypass drainage systems.
- Equipment operation and maintenance.
- Gain experience in ET based watering, GIS mapping, equipment calibration, chemical applications etc.

Internships pay \$12.00 per hour, 40 hours per week. Uniform shirts will be provided. Please contact Geoff Van Berkel at Calvin College if interested in applying for these opportunities.
