

Summer Job Opportunity (Crops/Hort Student)

Our East Lansing company, Working Bugs LLC, has a summer job opportunity (May/June through August) for a student with a background and interest in plants and crops, gardening, and related sciences, to assist with work on a grant. The job would also include technician work and other miscellaneous jobs during the work day. For more information or to apply, contact Dianne at 517-203-4744 or email dianne@workingbugs.com.
