Less than one year away from the 2014 PGA Championship, we are staffing with the most enthusiastic golf turf professionals possible. Join our team for this year and enjoy prideful work toward a major championship.

As a Valhalla Golf Club intern, there are general expectations you must fulfill. A refreshing attitude as an intern will help maintain the team atmosphere on the crew. Interns who are highly motivated are those who make a long lasting and positive impression. During the peak of the season the maintenance crew is commonly at 30-35. You must be able to work closely and productively with others. Applicants must be enrolled in either a 2 year or 4 year turf program and have at least one year of experience working on the golf course. Interns will be expected to work long hours and be dedicated to the club.

Our common goal is to have the course in pristine condition on a daily basis for the membership and the ability to host a world-class golf tournament at a moment's notice. With the PGA Championship on the horizon we hope you will join us in preparing for a successful major championship in 2014.

**Intern Program**
- Housing availability (Limited to first applicants)
- Uniform pants/shorts and shirts
- Gain experience in:
  - Hand Watering
  - Moisture Monitoring
  - Calibration/ Fertilization
  - Pesticide Applications
  - Irrigation
  - Scheduling & Planning
Valhalla Golf Club, owned and operated by the PGA of America was founded by Dwight Gahm. It was Dwight Gahm’s vision to bring major championship golf to Louisville, Kentucky. Dwight appointed Jack Nicklaus in 1986 to design a signature golf course on 486 acres of rolling terrain 20 miles east of Louisville Kentucky. Since 1986 Valhalla has been the host site of five world-class tournaments. The tradition will continue in 2014 when the PGA Championship returns.
