DETOUR GOLF CLUB

Spray Technician

Location: Detroit, Michigan

Application Deadline: Open until filled

Position Available: March 30, 2015

Salary: $12.00- $17.00 / hr

Course Operation: The Detroit Golf Club was founded in 1899 and features two Donald Ross designed golf courses on 219 acres located in North Central Detroit. DGC offers a rewarding and stable work environment with many long term employees (20+ yrs) in our Grounds Department. We are in the midst of multiple large scale improvements and are seeking competent ambitious new employees in all phases of our operation.

Job Description: The Spray Technician will work closely with the Head Golf Course Superintendent, and Course Superintendents to assure proper application of pesticides, herbicides, insecticides, and fertilizers to greens, tees, fairways, roughs and clubhouse landscape areas.

DGC’s Spray Technician will be responsible for proper operation and basic maintenance of all application equipment. When not occupied with above responsibilities DGC’s Spray Technician will be involved in day-to-day course operations including but not limited to irrigation repair, hand watering, course set up, and mowing.

Requirements: Candidate must possess or be able to possess within 30 days of hire a State of Michigan Commercial Pesticide license with certifications in categories: 3A-Turfgrass, 3B-Ornamental Plants and Shade Tree Pest Management, and 5-Aquatic Pest Management.

Due to the fact mistakes can be very costly agronomically and financially the candidate for this position must possess excellent communication, record keeping, and math abilities. Our ideal candidate will be a reliable, punctual team player who possesses the ability to work with a sense of urgency. Dependable transportation, the physical ability to lift 50lbs and passing a pre-employment drug screen are also necessary to be considered for this position.

Benefits: Paid Vacation
